

Dear Eddie,

I've decided to put an end to everything and in doing so ended a chapter in my life that I don't have up to any longer. I don't want to live this way that I'm carrying. I wish now that I had not done it. I was thinking about it and wouldn't be hurting the way I am now.

Don't blame yourself Eddie as it's not your fault. I've caused all your pain and heartache. I've destroyed your life. I just hope you can rebuild everything and realize your goals and dreams.

I'm sorry for hurting my family, your family and my friends but most of all hurting you. I never realized that to be afraid to tell people the truth, they can hurt me because I'm not there to face you. From all I loved you in my own way but I destroyed it all through my own stupidity. All my morning and evening at you wouldn't have helped to rebuild things between us.

I've done some things in my life that I'm so proud of but I got through somehow but this is just a mess. I can't live up to my problems anymore. I had spent my money and even moved some of my clothes already but I can't see anymore to the end of the line for me or the earth.

Give my Mom and Dad a goodbye for me, explain things to her as you can, tell them I love them and that I'm sorry for everything.

I hope that you will find it in your heart to forgive me and that one day we will meet again with this. Stay like you are, don't be afraid. I will watch over you and protect you from now. I've ruined your life, to the best I could.
